Dear Sir:-

Referring to your letter of the 13th of July last year, we call attention to the list of articles, for which the government accepted our bid for the fiscal year. We have received orders for some of the minor articles, in small quantities, but we have received no order, as yet, for the fused borax. We find by referring to your letter of June 6th, the following:- "I am informed by the Melter and Refiner, that he now has a four months supply of fused borax on hand, and will not need any, under your proposal, until the expiration of that time." We write to ask, whether you will not be able to give us the order for borax within the fiscal year; we made arrangements to supply a large quantity, in accordance with the ~~order~~ request sent out, we send sample herewith. Please be kind enough to send notice of the bid for next year as soon as ready. We remain,

Yours respectfully,

Jas. W. Queen & Co.
